

DEPLOYMENT-READY MONITORING

AUTOMATED, MULTI-PATIENT MONITOR IN A MODULAR PACKAGE

# Medical equipment designed to move with you

The small size and light weight of the **WVSM**<sup>®</sup> (*Wireless Vital Signs Monitor*) makes it one of the most portable FDA cleared medical monitors on the market. Tactical Pac further enhances this capability by placing two **WVSM** monitors and peripherals directly at hand, in any scenario. With **WVSM** and Tactical Pac you can now monitor multiple patients, anywhere, at any time.

Tactical Pac is an adaptable MOLLE pouch specifically designed to hold two **WVSM** monitors and all accessories, including an **ADMS** (*Athena Device Management Suite*) compatible smart device.

	EASY ACCESS POUCH WITHIN ARMS REACH	⋮		COMPATIBLE WITH MOST BODY ARMOR AND CLIMBING GEAR	⋮		DROPDOWN SIDES FOR ACCESSORY STORAGE
